DATED BANGALORE, 4th October. 1900

No. 1318.

From

THE PLAGUE COMMISSIONER IN MYSORE.

To The Secretary to the Government
of Mysore
General & Revenue department.

SIR,

In view to relieve the over-crowding in the Mysore city and to provide accommodation for people whose houses may be demolished as unfit for human habitation or removed for the purpose of opening out streets and conservancy lanes I have the honor to state that the opening of a new Extension in the Mysore city on the same lines as those followed in forming the

Malleswaram

Malleswaram and Basavangudi
Extensions in the Bangalore City, is
very desirable and I have accord-
-ingly selected in consultation with
the Senior Surgeon and Superintending
Engineer, Sanitary works, the follow-
-ing places for the purpose:
Chetnahalli Extension, Jalapuri
Extension, Iranguru Camp Extension &
Idga Extension, and request
Government sanction for the same

dated

dated 12th April 1900.

But having regard to the impoverished condition of the people in Mysore and in order to encourage the construction of sanitary houses on approved plans; and in consideration of the fact that the localities selected are at some distance from the centre of trade and from places of employment for the working classes, I would suggest that sites in the Extension be given free to persons whom the Deputy Commissioner or the Civil Officer in charge of the Extensions may certify to be poor and unable to pay the cost of the site on the condition that building operations should

commence

Commence before the 31st December 1900.

3. Compensation should not be paid to persons dispossessed of houses in the city until they have built new houses in the Extensions or given satisfactory guarantees for so doing.

this is a Govt concn

4. On obtaining the sanction of Government to this proposal I will give wide publicity to the concessions granted to the poorer classes.

5. I would suggest that a qualified Engineer may be posted to Mysore to have charge of these Extensions, to mark out sites, give proper designs for the different types of houses required

Letter No. 1318, dated the 4th October 1900, from the Plague Commissioner in Mysore.

No. Pg. 313-8, dated Bangalore, 11th October 1900.

ORDER THEREON—In the letter read above, the Plague Commissioner recommends the opening of new extensions in the directions noted in the margin, with a view to relieve the over-crowding in the Mysore City, and to provide accommodation for people, whose houses may be demolished as unfit for habitation or removed for the purpose of opening out streets and conservancy lanes, on the same lines as those followed in forming the Malleswaram and Basavangudi Extensions in the Bangalore City. The proposal commends itself to Government, and they accordingly sanction, subject to the submission of detailed plans showing the area or extent of the lands required, the formation of new extensions at Chetnahalli and Erangere Camp in the localities which have been selected in consultation with the Senior Surgeon and the Superintending Engineer, Sanitary Works Department. As regards Jalapuri and Idga orders are reserved pending submission of the map and information called for in the enclosed Confidential Note.

(1) Chetnahalli.
(2) Jalapuri.
(3) Erangere Camp.
(4) Idga do

2. The conditions laid down for the allotment of sites in the two extensions of the Bangalore City, in Government Proceedings Nos. Pg. 667-71 and Pg. 1251-2, dated the 15th December 1899 and 12th April 1900, respectively, will be made applicable to the extensions now to be formed in the Mysore City.

3. Having regard to the impoverished condition of the people in Mysore, and with a view to encourage the construction of sanitary houses on approved plans and in consideration of the fact that the locality selected are at some distance from the centre of trade and places of employment for the working classes, the Plague Commissioner suggests the free grant of sites in these extensions to persons whom the Deputy Commissioner or the Civil Officer in charge of the extensions may certify to be poor and unable to pay the cost of the site, on the condition, however, that building operations should commence before the 31st December 1900. The Government are of opinion that this concession may be shown to persons in extremely poor circumstances after due enquiry into the merits of each individual case.

4. No compensation will be paid to persons dispossessed of houses in the City until they have built new houses in the extensions, or given satisfactory guarantees for so doing.

5. The Plague Commissioner is requested to favor Government with his views as to how he proposes to deal with those cases in which persons dispossessed do not at all wish to build houses in the Mysore City; some special treatment of such cases seems desirable for compensating them for loss sustained by demolition or removal of their houses.

6. The Chief Engineer and Secretary, Public Works Department, will be requested to report, if the Executive Engineer, Palace Division, may, in addition to his own work, be put in charge of these extensions, to mark out sites, give proper designs for the different types of houses required and see that they are built in strict accordance with the prescribed conditions, and do such other work as may be necessary in connection therewith and if this arrangement is not possible to indicate which other Officer he can spare for the purpose.

7. The services of the Municipal Engineer of the Mysore City may, with the permission of the President, be also utilized for assisting the Executive Engineer, in the proper carrying out of the duties entrusted to him.

8. The Plague Commissioner is requested to expedite the submission of the list of houses to be demolished for opening out the congested part of the Fort behind Karikal Thotti and elsewhere.

9. The Plague Commissioner, will give due publicity to the orders conveyed in paras 2 to 5
